

Balamurugan.P

About Me

I'm Balamurugan.P, an enthusiastic computer science student with a strong passion for coding and problem-solving. I love building web applications and exploring modern technologies. Currently, I'm learning **JavaScript, React.js, Node.js, and MongoDB** to grow into a full-stack developer. I also have a keen interest in **Industry 4.0 technologies** and aim to apply them in real-world projects.

Portfolio
